Notes:

- Next meeting we will vote on Chair and Asst. Chair
- Christy Wagner talked about our reading scores and progress. She proposed working with 4th grade this year to give them some extra support
- Project Lead the Way was mentioned, but it was decided that we need to let teachers have this year to figure out the new math program
- When discussing the Trustland funds, it was suggested that spending any monies on STEM may be a waste of money. The Utah Core is changing and it would be best to wait a couple of years, again, giving teachers this year to work in the new math program.
- We watched the video clip on the bond
