1. Minutes

Elizabeth Blanchard went over the last meeting's minutes.

Bethany Teeples motioned to approve the minutes and Stephanie Okelberry seconded the motion.

2. Review 2021 Plan

Discussion on how to measure goals when our standardized testing was interrupted last year due to the pandemic. The TrustILands plan covers intervention aides to help with reading interventions in small groups, PLC content specialists, student chromebooks and technology upkeep, typing software.

3. Look at data Acadience/Panorama

Acadience (formerly known as DIBELS) is a reading assessment given at the beginning, middle, and end of each year. Farr West tests the entire student body even though the state only mandates through 3rd grade. They do this to make sure those in the upper

grades who need extra support in reading are not overlooked. Panorama is a database that puts all academics, attendance, behavior, SEL (Social Emotional Learning) and puts the data together. This shows the whole child in one place to see the needs of each individual.

#### 4. Start conversation about next years plan

We hope to continue with the goals we have in place for this year but may need to look at how to track data to show growth.

- Farr West Business:
- Parent Teacher Conferences

Conferences will be virtual again this quarter unless there is a face to face preference.

- Leader in Me Survey

Leader in Me survey sent out for parents, staff, and upper grade students. The information it gathers for us is invaluable. This survey is conducted twice a year and the data guides the schools goals. Student leadership teams have been established and are being implemented.
